ABOUT US

Intechsols was founded by a team of highly skilled professionals with over three decades of combined experience in the technical solutions sector. Our ISO certification reflects our unwavering commitment to upholding the highest industry standards in every project we undertake.

We operate with a clear focus on excellence and innovation, which is evident through our extensive range of services, which cater to various sectors, including Interior Fitouts, IT Services, Staffing Solutions, MEP Services, and Trading.

Our satellite offices in Saudi Arabia and India enhance our ability to deliver customised solutions efficiently, addressing the specific needs of clients in Saudi Arabia's eastern, western, and central regions. We adopt a client-centric approach, ensuring that each solution we provide is tailored to achieve optimal results.

Additionally, our operations are guided by a stringent Health, Safety, and Environment (HSE) policy that safeguards the well-being of all stakeholders and the sustainability of the environments in which we operate. This commitment to safety and quality further solidifies our reputation as a trusted partner in the global market.

MISSION

We aim to deliver unparalleled customer satisfaction by consistently providing top-tier services that exceed client expectations. We are committed to fostering a dynamic and innovative corporate culture where the principles of Quality, Health, Safety, and Environment (QHSE) guide every aspect of our operations.

By integrating these values into our daily practices, we ensure that our solutions not only meet the highest standards but also contribute to the well-being of our employees, clients, and the communities in which we operate.

Our mission is to build lasting partnerships with our clients, driven by trust, reliability, and a shared commitment to excellence.

VISION

Our vision at Intechsols is to be the world's leading provider of integrated technology solutions. We are renowned for our ability to unite global expertise and deliver seamless, cutting-edge solutions that transform the client experience.

We aspire to be the first choice for businesses seeking comprehensive, innovative services across multiple industries. By staying at the forefront of technological advancements and continuously refining our processes, we aim to create a unified platform that offers unmatched efficiency, quality, and value.

Our vision is to set new benchmarks in the industry, drive progress, and enable our clients to achieve their strategic goals with confidence and ease.

VALUES

Our core values are fundamental to our operations and success. We are committed to delivering the highest quality of service through integrity, excellence, and innovation.

Our adherence to health, safety, and environmental standards ensures that our operations are conducted responsibly and sustainably.

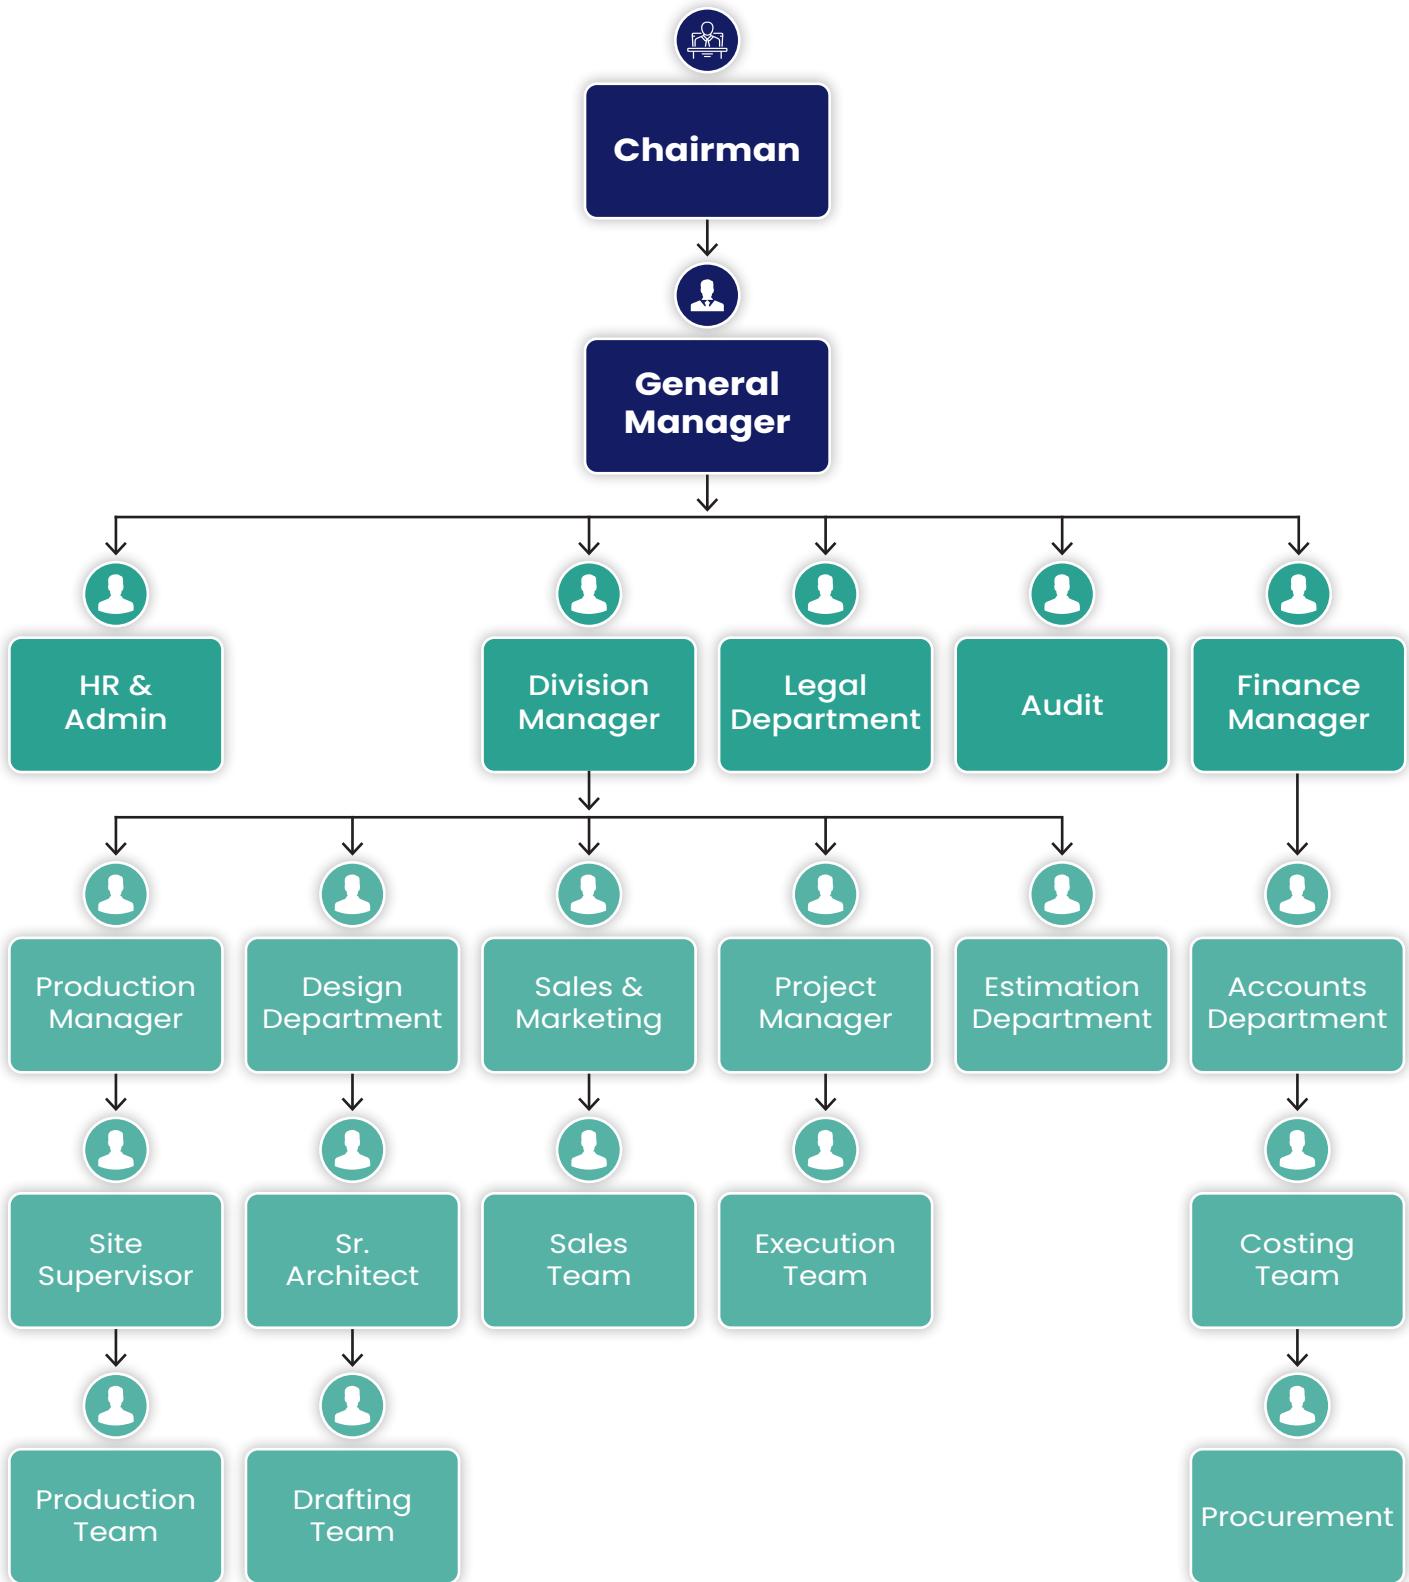

We believe in fostering a culture of continuous improvement where client satisfaction, operational efficiency, and safety are at the forefront of our mission.

Our HSE Policy underpins our dedication to protecting the health and safety of everyone involved in our operations and ensuring the sustainability of the environments in which we work.

ORGANIZATION CHART

This organizational structure supports seamless structure communication and collaboration, enabling us to precisely tackle complex projects and deliver superior outcomes.

SERVICES

Intechsols offers a comprehensive suite of services designed to address a wide range of client needs.

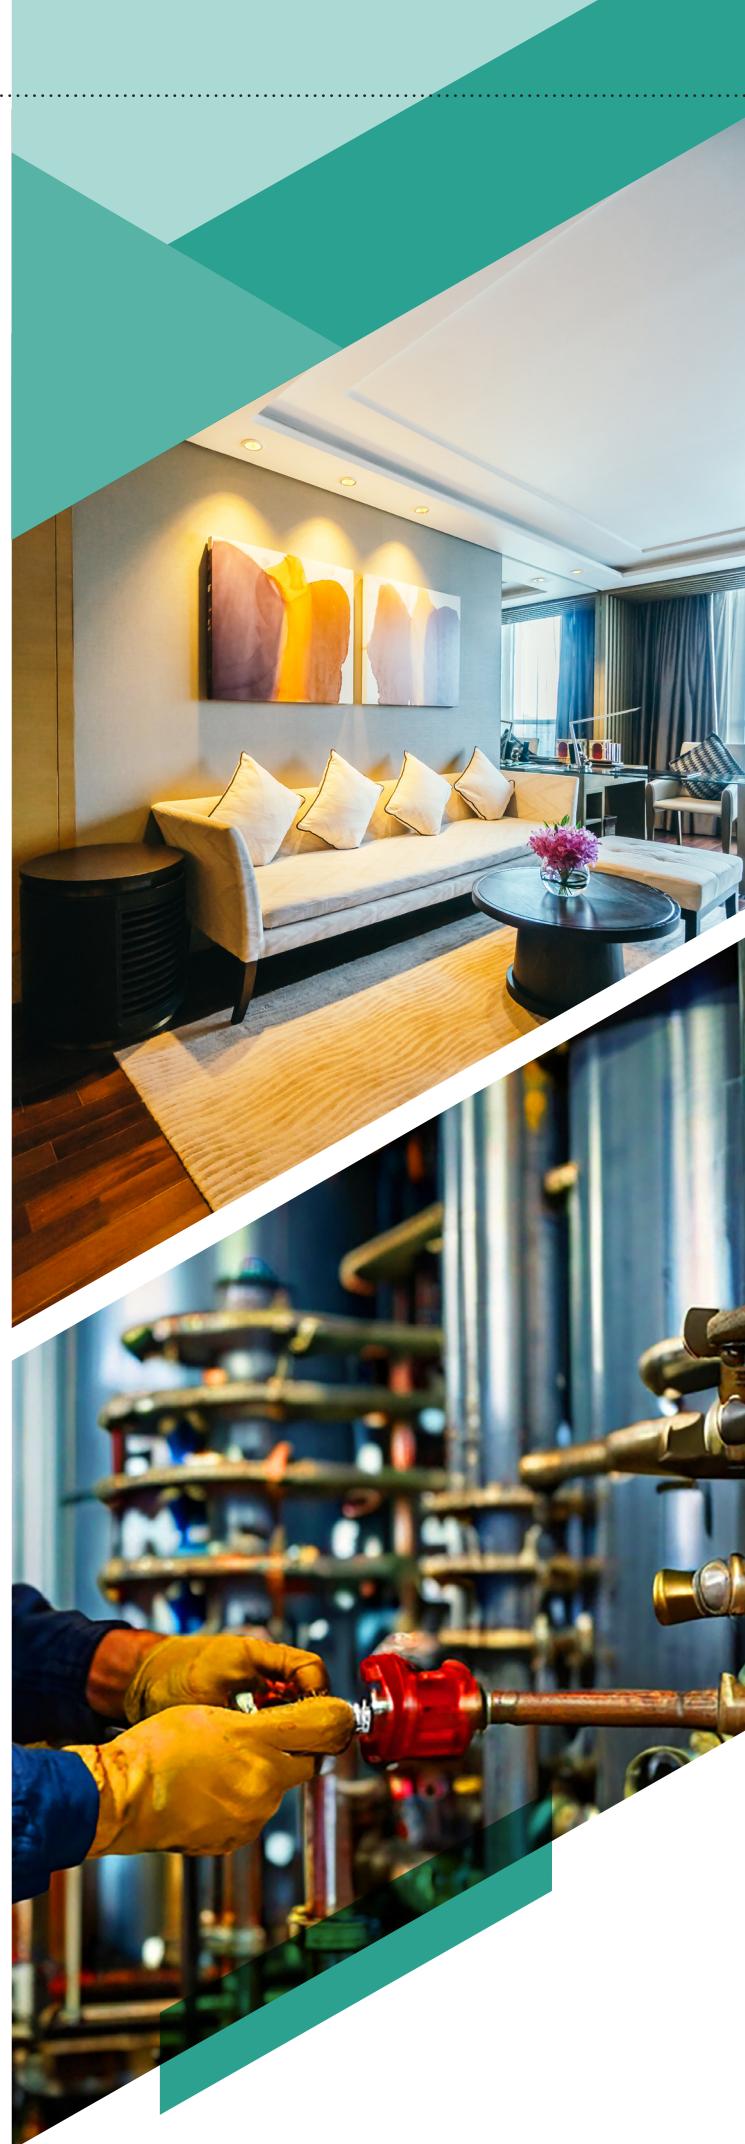

Interior Fitouts:

We specialise in creating functional and aesthetically pleasing interiors that transform spaces and enhance user experience. Our approach combines innovative design with meticulous execution to deliver high-quality fit-outs that meet and exceed client expectations.

MEP Services:

Our mechanical, electrical, and plumbing (MEP) services are integral to the efficient operation of facilities. We provide expert design, installation, and maintenance of advanced MEP systems, focusing on energy efficiency, sustainability, and compliance with industry standards. Our sub-categories include panel board terminations, low current systems, fire alarm systems, building management systems (BMS), plumbing systems, public address systems, fire fighting systems, and low voltage cabling.

IT Services:

We offer a full range of IT services, including network infrastructure, software development, and cybersecurity. Our solutions are tailored to drive business efficiency and foster innovation, with a focus on reliable and secure technology systems. Our expertise extends to designing and maintaining data centers, managing network components, and implementing comprehensive IT solutions.

Skilled Staffing Solutions:

Our staffing services connect businesses with top-tier talent across various industries. We conduct thorough vetting to match client needs and candidate skills perfectly, enhancing productivity and satisfaction.

Trading:

We provide high-quality electro-mechanical materials, partnering with leading multinational corporations to supply products that meet rigorous European standards. Our trading services ensure reliable and timely materials delivery, which is essential for diverse applications.

QUALITY POLICY

Quality is central to Intechsols operations. We are dedicated to achieving the highest standards in every aspect of our service delivery. Our quality assurance processes are robust, ensuring that each project adheres to strict standards of excellence. We continuously seek ways to improve and innovate, guaranteeing that our clients receive outstanding results and exceptional value. Our commitment to Quality, Health, Safety, and Environment (QHSE) underlines our dedication to operating responsibly, reducing risks, and protecting both people and the planet.

Certified by:

ISO 9001: 2015 ISO: 14001 ISO: 45001

WE ARE ISO CERTIFIED

Our practices aim to lower waste and minimize depreciation to minimize environmental impact. Our ISO certification shows that we have successfully achieved our goal by applying the best international standards in our field. We are **ISO certified (9001:2015)** for Quality Management System, Certification **(14001:2015)** for Environmental Management System, and Certification **(45001:2018)** for Occupational Health & Safety. It represents our dedication to maintaining rigorous quality control measures and ensuring continuous improvement in all our processes.

This certification, combined with our comprehensive HSE Policy, is a testament to our commitment to delivering consistent, high-quality services across all our operations.

WE ARE ARAMCO-APPROVED

Intechsols is honoured to be Aramco-approved, an endorsement that signifies our capability to meet the exacting standards of one of the world's leading energy companies. This approval underscores our ability to handle complex projects with professionalism and precision, reflecting our commitment to delivering high-quality solutions that align with Aramco's stringent requirements. Our adherence to a rigorous HSE Policy ensures that we meet or exceed industry standards in safety and environmental management, further strengthening our position as a trusted partner.

ARAMCO Vendor ID: 10111945

Saudi Aramco E-Reference No. 0008028

Registration Approval Letter

December 19, 2023

Attention : INTEGRATED TECHNOLOGIES SOLUTION COMPANY

CR Number : 1010862262

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that INTEGRATED TECHNOLOGIES SOLUTION COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10111945, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com

HSE POLICY STATEMENT

Integrated technical solutions company ltd is committed to protect the health and safety of everyone involved in its operations, and the sustainability of the environment in which it operates. We are committed to a process of continual improvement and the adoption of international codes and standards where applicable.

- ❖ Ensure that all our operations comply with applicable health, safety and environmental laws and regulations.
- ❖ Identify hazards, assess the risks and implement appropriate controls to protect all personnel involved in our activities and to prevent environmental pollution.
- ❖ Set objectives targets for improving health, safety and environmental performance monitor and report openly on its performance.
- ❖ Applying sustainable development principles to continue economic development while protecting the environment and providing a better quality of life.
- ❖ Monitor our performance and conduct regular reviews to ensure our policies and controls are effective and that our health safety and environment aspirations are being achieved.
- ❖ Integrate HSE into business planning and provide adequate resources.
- ❖ Developing and maintaining skills throughout organization by communication of information and through education & training our staff.
- ❖ Management supports participation in the program by all employees and provides proper equipment, training and procedures.
- ❖ Management is firmly committed to a policy enabling all work activities to be carried out safely, and with all possible measures taken to remove (or at least reduce) risks to the health, safety and welfare of workers, sub -contractors, authorized visitors, and anyone else who may be affected by our operations.

Our HSE Policies, HSE Plans, HSE objectives and performance are communicated throughout the organization so that everyone is aware of their respective responsibilities and contribution to HSE and client satisfaction.

This HSE policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued.
